To Whom It May Concern:

Respectfully, this is a letter of recommendation for Seth Suydam. It is with great privilege that I can offer you a statement of absolute confidence in Seth as a remarkable student.

Seth has been my student in Connections for two years. Across the board, his work has been astounding in all areas. Specifically, he completed an AP English class through the Virginia Satellite Educational Network, and, through samples of work sent to me, I was apprised of the quality of thought and content in his many literary pieces. Also, Seth was selected to play guitar at All State, and is very gifted in that area. Finally, he has shown perseverance and discipline in tackling his science and math subjects through a home-based program, achieving results higher than most in a traditional academic setting.

Seth has shown his high ability in all academic areas through his scores on the High School Graduation Qualifying Exam. His scores in Reading, Writing, and Math were all in the "Advanced" category.

Seth will be an asset to any program in which he participates. As a Secondary Advisor, I have been thrilled to work with a student of such caliber. Besides being very competent in his school work, Seth has been reliable and shown a conscientious approach to life and learning which will carry him well in life.

Without hesitation, I offer a high recommendation for Seth Suydam. If you have further questions, please don't hesitate to call.

Sincerely,

Nancy Kleine
Secondary Advisor
